B-Healthy with our new range of Freshwater or Mineral Pool Systems

FROM THE CREATORS OF
OZONE SWIM

Designed and Manufactured in Australia Since 1998.

BRAUER® SWIM

Healthy hassle-free pool water.

Our systems use advanced patented technology to create the healthiest hassle-free pool water possible.

Introducing a breakthrough patented technology by Brauer Swim that will transform your pool into clean, pure and noticeably softer, crystal clear water.

Say goodbye to the strong smell of chlorine, red stinging eyes and tight, dry skin.

List of Benefits.

- Luxurious swimming experience
- No chlorine smell or taste
- No sore eyes or irritated skin
- Ideal for asthmatics and eczema
- Save on operating costs
- Far less maintenance than conventional systems
- Longer lasting equipment and pool surrounds
- Commercial grade construction and quality
- Designed for mineral or freshwater pools
- Models customised for all environments
- Suitable for concrete, fibreglass, vinyl and tiled pools
- Recognised as world leading technology
- HealthySwim certification and support
- Designed and manufactured in Australia

Harnessing the power of nature.

We harness the power of nature to destroy germs, viruses and bacteria.

Harnessing the natural elements of fresh-water, minerals, and ozone-to-oxygen, you can transform your pool into a chemical-free B-Healthy experience!

Our system uses commercial accredited technologies to naturally destroy germs, viruses and bacteria which protects your family from these nasties.

List of Features.

- Patented twin plasma ozone o3-cell technology
- Patented ozone injector manifold
- Venturi designed for variable speed pumps
- Proprietary inductor e-cell technology
- Passive cooling insulated cabinet technology
- Low TDS model
- Easy to use, multi-function digital display
- Built-in timer
- Reverse polarity self cleaning e-cell
- B-Pure AOP purification ready
- External control available
- 3 year full warranty
- 10 year ozone o3-cell warranty

Exceptional performance by design.

Using our commercial knowhow our engineers have designed a system that is built to last.

Performance is nothing without long-lasting reliability. That's why our latest system combines constant innovation with expert design and engineering. Our meticulous devotion to detail makes sure that every system is built to last.

Ground-breaking Innovation and engineering design.

For us, every ground-breaking innovation we make is more than a cause for celebration. It's a challenge to create something even better than before. That's why we manufacture our own parts and build every system in our own factory. Striving for perfection is in our culture.

17,520 hours of testing for complete peace of mind.

Where others are satisfied after a few rounds of testing, we go further for longer. Our second-generation system has been checked for performance with up to 17,520 hours of testing which ensures ultimate results and reliability year after year.

Commercial knowhow in a residential system.

Our engineers have designed, developed, and tested both our residential and commercial systems. This provides them with the technological knowhow to create the best performing residential system for Australian conditions. As industry leaders in commercial aquatic water purification, we use our patented and accredited technologies to destroy germs, viruses and bacteria whilst creating the healthiest hassle-free pool water possible.

The B-Healthy Purification Process.

We use our patented advanced Ozone-to-Oxygen purification process.

Our patented technology harnesses the natural power of water and oxygen to produce a noticeably softer, safer and healthier bathing experience.

- Returns purified, oxygen enriched water to your pool
- Creates clear, clean and odour free pool water
- 3,000 times more powerful than traditional pool purification systems
- Destroys chloramines, eliminating chlorine smell, taste, itchy skin and sore eyes
- B-Healthy system can be easily added to any new or existing pool

BRAUER SWIM

The B-Healthy Experience.

Choose between freshwater or minerals and attain the health and wellbeing benefits.

Rejuvenate your skin and senses with one of our pure freshwater or magnesium mineral pool systems.

You will save time and money with our proven and trusted technologies that provide sensitive and safe sanitation that is easy on the eyes, gentle on the skin and above all, healthier pool water.

Mineral Pools.

Our B-Mineral Pool System is designed specifically for Australian conditions, it combines magnesium rich minerals with our Advanced Ozone-to-Oxygen patented water purification technology to create mineral pool water that stimulates and detoxifies your skin, soothes the muscles of aches and pains, and provides you with a luxurious swimming experience. Compatible with all mineral blends

Freshwater Pools.

Our B-Fresh Pool System has been designed specifically to harness the power of water. Our freshwater system provides natural, healthy pool water that is kind on allergies while gentle on skin and eyes. By allowing our Advanced Ozone-to-Oxygen patented technology to do the heavy lifting. The B-Fresh system naturally reduces the need for damaging chlorine by up to 80% and unpleasant salt levels by a staggering 75%.

BRAUER SWIM

Add automated pH control.

Our advanced automated pH controller perfectly balances and optimises your pool water.

Automate your pH balance.

Having the correct pH balance is a critical element in maintaining healthy pool water and extending the life of your pool shell and system.

Add the B-Balanced 150 fully automated pH controller and take the guesswork out of maintaining your pool's pH. The B-Balanced 150 will automatically dose diluted acid accordingly to maintain safe pH levels. Feel reassured that you are protecting your valuable investment!

List of Benefits.

- No more pH testing required and adding acid manually
- Save on chemical costs
- Critical element in maintaining healthy pool water
- Extend the life of pool equipment including sanitation and ozone cells
- Protects concrete, fibreglass, vinyl and tiled pool shells and surrounds
- Designed and manufactured in Australia

The difference is Brauer Swim.

Brauer Swim where tradition meets innovation.

For over two decades, Brauer Swim has become the leading brand for innovation and has revolutionised the commercial aquatics industry with its award winning patented technologies.

Experience the difference.

With over 1,000 commercial installations in learn to swim, aquatic centres, resorts, hotels, theme parks, schools and council pools, we are trusted within the aquatics industry to provide efficiency, performance and support.

Created by hand.

At every stage of our production, a master technician ensures quality control. This consistent quality control protects our exceptional reputation built by hand, since 1998.

A heritage of success.

With over 20 years of constant innovation, we have learnt that exceptional technologies come from the design, the quality of materials and the skill of the technician.

This is why all our equipment is created, designed and manufactured in Australia by us.

Performance that inspires.

Our exceptional performance is generated by our uniquely engineered designs that makes any pool water clean, clear, healthy and hassle free. Be inspired like other customers such as Elements at Bryon Bay, Palazzo Versace, Q1 Gold Coast, The Star, Sheraton, Sea World, Dreamworld and 1000+ more.

Find out why the difference is Brauer Swim!
