BRAUER SWIM

25 YEARS OF INNOVATION

B Fresh

A fresher, softer feel

By naturally reducing the need for damaging chlorine by up to 80% and salt levels by a staggering 75% against traditional salt chlorinators, Brauer Swim has created a backyard paradise suitable for EVERYONE.

No unwelcome allergies, only gentle, skin-friendly, fresher water that is a treat for your eyes and provides the luxurious freshwater feeling we all want from our swimming pool.

By eliminating the smell, taste and feel of chlorine your mind and body will be transformed.

Countless Australians are choosing the B-Fresh Pool System as a healthier pool sanitisation solution that features cutting-edge technology, to ensure the well-being of their loved ones and friends.

Take the plunge into a freshwater swimming pool today and experience the difference.

Immerse yourself in unrivaled pool water purification with our groundbreaking B-Fresh Fresher Water pool System, featuring user-friendly operation and cost-saving benefits through its patented ozone-to-oxygen technology.

- B-FRESH REPLACES YOUR EXISTING SANITISATION SYSTEM
- EASY TO USE MULTI-FUNCTION LCD DISPLAY FOR ADJUSTING OUTPUT
- BUILT IN TIMER
- SELF CLEANING E-CELL
- CUSTOMISABLE TO SUIT ANY SIZE POOL
- PATENTED OZONE TECHNOLOGY
- 3 YEAR FULL WARRANTY
- 10 YEAR OZONE 03 CELL WARRANTY

EXPLORE MORE

Let's make it clear...

You don't need to add anything to your pool to create the Ozone, the B-Fresh system does it all using the air we breathe.

When the B-Fresh system runs your pool, water flows through the Patented Ozone Injection Manifold which acts as a venturi to activate the ozone module.

The nasties like chloramines that even chlorine can't destroy are oxidised into oblivion when passed through the manifold on the way back to your pool.

By combining electrolysis with this ozone technology using the small amount of salt in your water that is undetectable to taste, the water is disinfected, oxygen-rich, free from impurities, and chemicals, naturally fresher and safe to swim in at any time.

Our Australian technology delivers unparalleled water quality that is 3,000 times more effective than traditional systems.

The B-Fresh system is suitable for all pool surfaces, compatible with all pumps and filters and can be retrofitted on any existing pool, spa or plunge pool.
